A. M. FLETCHER BANKER

128 Broadway

NEW YORK.

Transacts a general banking business. Receives deposits subject to draft. Dividends collected and remitted. Acts as fiscal agent for corporations and negotiates security issues of railroads and other companies.

Deals in Government Bonds and other Investment Securities.

Accounts of Banks, Bankers, Corporations and Individuals local sources and with shippers the only buyers the demand was backward and it was rather difficult to negotiate sales at solicited.

SAFE DEPOSITS.

S. A. FLETCHER & CO.'S 36 East Washington Street.

Absolute safety against fire and burglar. Pé-lceman day and night on guard. Designed for afe keeping of Money, Bonds, Wills, Deeds, Ab-tracts. Eliver Plate, Jewels and valuable frunks, Packages, etc. Contains 2,100 boxes. Rent \$5 to \$45 Per Year.

S. TARKINGTON Manager.

MONEY 4% to 6% \$500 and upwards. Loaned upon improved city property, granting permission to make partial payments. Interest graded according to location and character of security. No delay.

C. F. SAYLES & CO., 127 East Market Street.

THE LIVE STOCK MARKETS

THICK, FAT, HEAVY EXPORT CAT-TLE SOLD AT BETTER FIGURES.

Hogs Opened Five Cents Higher, but Later the Advance Was Lost-Sheep Weaker - Markets Elsewhere.

UNION STOCKYARDS, INDIANAPOLIS, Aug. 9 .- Cattle-Receipts, 1,700; shipments, 500. Thus far this week about 1,200 more cattle have been marketed than the same time last week, and 3,600 more than the corresponding time a year ago. The receipts to-day were 300 smaller than Wednesday, but nearly 200 larger than a week ago and fully 1,000 larger than a year ago. As usual for several days past, the proportion of small, and in some lines there were none good enough to command the full strength was about as large as usual, but in most departments there was an absence of urgent orders and the condition of the trade All offered were sold. Quotations: was as unsatisfactory to salesmen as it has been at any time recently. Certain kinds of cattle, however, sold much better than yes- Bucks, per 160 lbs. terday, and a few sales were about as high as equal kinds sold last Friday. Other lines were 10@15c lower than yesterday. Salesmen were again unable to find any outlet at any price for hundreds of stockcarried over. Fat cattle, averaging nearly 1,400 lbs, sold at \$5.35@5.50, and plain 1,417-lb steers brought \$5. Loads averaging 1,160 to 1,267 lbs sold at \$4.50@5.20, and cattle averaging a little less than 1,100 lbs sold, as to quality, at \$4@4.40. Stockers and feeders were reported at \$3.10@3.621/2. The market for female cattle was more unsatisfactory than it has been for several weeks. The demand from all sources was limited, and buyers required a decline of from 10c to 25c in prices. Even at the decime it was impossible to dispose of all of the supply, and the market closed very weak. There was an outside sale of heifers at \$4.75, but \$4 was about the top for the class on sale, and good kind sold at \$3.60@3.75, with ordinary kinds as low as \$3. There were no cows reported above \$4, and choice kinds sold at that price. A good kind sold at \$3.25@3.70. and canners were reported as low as \$1.25.

Extra prime steers, 1,350 lbs and upwards Good export steers, 1,350 to 1,450 lbs 5.00@ 5.50 Good to choice 1,200 to 1,300-1b steers 4.90@ 5.25 Good to choice 1,160 to 1,200-lb Plain fat steers, 1,350 ibs and up-Plain fat steers, 1,200 to 1,300 lbs., 4,50@ 4.85 Plain fat steers, 1,000 to 1,150 lbs., 4,00@ 4.40 Choice feeding steers, 1,000 to 1,100 Good feeding steers, 900 to 1,100 lbs 3.25@ 3.65 Medium feeding steers, 800 to 900

Good to choice cows and calves ... 35.00@50.00 Common to medium cows and -Representative Sales of Steers .-

1.470 19 Stears Steers

Hogs-Receipts, 6,000; shipments, 2400. Combined receipts of hogs for five days show an increase of 14,000 over the same time last week and 15,500 over the corresponding time a year ago. The receipts today were about 1,500 larger than a week ago and 2,500 larger than a year ago. The market opened with rather active competition between shippers, especially for good weight hogs, and early transactions were generally about 5c higher than equal kinds sold yesterday. They bought a good pro-

portion of the supply on that basis, but

with packers very indifferent from the start and even refusing to look at the hogs, the market after the important orders had been executed was almost at a standstill. Finally packers came in but were bidding less than yesterday and the trading was very sluggish. The last sales indicated that all of the early gain in prices had been lost and in a few instances salesmen claimed they had to acceet a little less than the same kinds sold for at the high time yesterday. Sales ranged from \$5.50 to \$6.15 and the bulk of the supply sold at \$5.75 @5.90. Quotations:

Good to choice medium and heavy Mixed and heavy packing Good to choice light weights.... 5.70,05.771 Common to fair light weights... 5.50,65.671 Common to good pigs...... 4.00,25.55 Sheep-Receipts, 600; shipments, 500. The receipts of sheep and lambs for five days

show an increase of over 1,300, compared with the same time last week, and 1,900, compared with the corresponding time a year ago. The receipts to-day were about 400 smaller than a week ago and 100 smaller than a year ago. Quite a good deal of stale stock was in the pens and the supply on sale was fully as large as required. There was no imporvement in the demand from barely steady prices. For the most part, however, the best stock was considered steady with yesterday. The arrivals included quite a number of common grades and at a late hour most of these, together with a few good kinds, had not changed owners. Sales included spring lambs as high as \$4.50, but \$4 seemed to Safe Deposit Vault about the top, and common to good kinds sold at \$2.50@3.75. Choice sheep sold as high as \$3.40 and culis to good sheep were re ported at \$1.75@3.25. Bucks sold at \$2.25@2.50. Quotations:

Good to choice lambs. Common to medium lambs. Good to choice yearlings. Good to choice sheep ... Stockers and feeding sheep. Bucks, per 100 lbs. Transactions at the Interstate Yards.

INTERSTATE STOCKYARDS, INDIANAPO-LIS. Aug. 9.-Cattle-Receipts, 50; shipments at the gain of only \$474,000 on subtreasury none. The supply consisted of odds and ends of in disposing of all that are offered. The veal of the United States Steel preferred divi-

EARLY STRENGTH IS LOST

OPENING GAINS IN STOCKS MORE THAN WIPED OUT.

Closing Prices Generally the Lowest-Fear of Gold Exports Removed by Decline in Exchange.

NEW YORK, Aug. 9 .- From a condition of decided strength in the early dealing the market began to show an exhaustion of the buying power and prices declined gradually until the final hour, when there was an effective bear drive against the grain carrying roads. This movement was based on surmises that the government's monthly crop report, to be issued to-morrow, would reflect greater damage than current expectations. This supposition was of a recognized expert, who predicted a and corn at 60 per cent. These avera-

given some credence by bear traders and they promptly put out large amounts of lower than those of last night. stock, which brought about declines from the highest prices of the day of from 1% to 2% in the principal grain carrying roads, with St. Paul the chief sufferer. The general decline was materially assisted by a drop of five points in People's Gas on reports of complications with the Chicago city authorities. United States Steel stocks contributed but little novelty to the day's dealings and moved within a range of a point. Early improvements of five-eighths and three-fourths per cent., respectively, for the common and preferred were wiped out and they closed 1/6/11/8 points lower. Rumors of control by the Gould interests of Mexican railroads promoted a good demand for all of the Scuthwestern stocks at the outset, and Misseuri Pacific and Texas Pa-cific rose 200%. Smpathetic effect was exerted on the general list by these special movements and there were some substantial gains in various prominent stocks. The gold exports, sterling exchange rates being lower and expectations of a good bank statement to-morrow also were contributing influences to the rise. The junior Van-derbilt stocks responded notably to heavy purchases of New York, Chicago & St. or eight months. Louis, common and the second preferred. which improved 21/2031/2. The forecast of the bank statement indicates a gain in cash by the banks on the interior moveaccount by the banks in view of the disaddition to the payments of \$2,619,300 gold

pected changes in the principal items of to-morrow's bank statement. The closing of the stock market was weak at the low-Railroad bonds were dull to-day and carlier firmness was dissipated by the re-action in stocks. Total sales, at par value, were \$1,020,000. United States bonds were all unchanged on the last call. Following are the day's share sales and the recorded changes in quotations:

Quiet Market Looked For. [Grange: Farwell & Co.'s Telegram.] NEW YORK, Aug. 9.—After a bulge caused this | milling freight; No. 3 red. 65@67c track. morning by short covering, the market became Corn-No. 1 white, 584c; No. 2 white, 584c;

caused by weakness in Chicago Gas on report that the company had refused to pay its taxes and also by desire to be out of the market until the effect of crop report and results of general strike order in effect to-morrow are better known. The close was weak for most issues. The market prebably will continue to be an evening-up affair and that of the next week will depend to great extent on the character of the news received between now and then.

Another View of the Market.

[Meyer & Kiser's Telegram.] NEW YORK, Aug. 9.-During the first half of to-day's session the market was strong and favorably affected by higher prices from London, also by the belief that the strikers were losing ground, and by rumors that substantial progress was being made in the formation of a greater Missouri Pacific. During the afternoon a general reaction set in, due in the first instance to liquidation and subsequently to rather heavy selling for short account by the traders. People's Gas was notably heavy on what was considered Western selling. but no news, and, in fact, no rumors were current to account for the decline. The granger stocks were sold in the anticipation also effectually backed up by the estimate of a bad government corn crop report and on Snow's prediction that the condition would be not higher than 65 and possibly possible condition for wheat at 79 per cent., as low as 60. The lowa State report shows and corn at 60 per cent. These average the condition of corn at 55. The decline continued up to the close, the last quotations being about the lowest of the day and Sterling exchange has weakened some what, owing to the offerings of grain bills It is unlikely that any gold will be shipped next week. It is believed that the banks have gained in cash during the week about \$2,500,000, but the showing to be made by to-morrow's statement is a matter of considerable perplexity. Yesterday the largest time loans were made that have ever been contracted for in a single day in Wall street. They extended over periods of from four to eight months, and the rate of interest was 5 per cent. The borrowings were almost exclusively from trust companies. It is presumed that a very large operator or group of operators has acquired a large walnuts, 12@14c; Brazil nuts, 10c; filberts, 141gc; block of stocks which they are content to peanuts, roasted, 7@8c; mixed nuts, 12c. hold for a considerable period, and that the borrowings have been made with a view to protect themselves against any possible flurry in the call money market. It is a fact that there were no announcements of | bull argument, for the reason that it means that a large block of stocks has been with-

FRIDAY'S FEATURE ON THE INDIAN-APOLIS WAGON MARKET.

Varying Opinions Regarding the Out-

There is little new to note in the trade ituation. For early August the volume of business in most lines is quite satisfactory. Among merchants there is some uneasiness If prolonged, it is feared that business generally will suffer, so dependent is a large percentage of the population on its daily wages for support. When there is a shortage in wages the retail merchant feels it. and, in turn, the wholesale merchant; so the outcome of the present labor troubles is watched with more anxiety than ordinarily. In prices, yesterday, there were but few changes. On Commission row there seems to be a better supply of fruits and produce, but Irish potatoes, tomatoes, cabbage and, in fact, most vegetables, are very firm at quotations. Small size watermelons sell lower, while larger ones are held rod, 7c; plow slabs, 4.50c; American cast steel, at old quotations. Captaloune are not as 9611c; tire steel, 36334c; spring steel, 44665c. at old quotations. Cantaloupe are not as strong as they were, not due to decreasing demand, but to larger receipts, which keep the market heavily stocked. Jersey sweet potatoes are coming on the market in larger quantities. Cabbage are offered at unchanged prices, and complaints are heard of the quality of the stock, much of which is below standard. Peaches of Southern \$2.65 rates; from mill, \$2.65 rates. Horseshoes Maryland peaches are expected on the \$3.25; painted, \$3.10. growth are still arriving liberally and market the coming week. Pears and plums seem quite abundant. Tropical fruit shows no change. Limes show considerable strength and prices are firmer. Lemons are steady and rather inactive. Bananas are in good demand and sold at top quotations. In the butter, eggs and cheese market there is more activity and prices are held firmer. The receipts of eggs are increasing, but owing to the good demand for fresh stock prices are well held. Receipts of poultry are increasing and the quality improving. With this condition a better demand noticeable, but prices range too high for dressed poultry to admit of large consump tion by the middle classes. The provision market, as for some time past, is active, and prices are well held. Especially does this remark apply to smoked meats. Southern demand for provisions is also heavy, The coal market is attracting more attention, as on all sides there is evidence that higher prices are to prevail in the near future, due largely to labor conditions, The seed market shows a little more activity. Hides are sluggish and disappointing. Other lines present no new features. Prices in the local grain market are still soaring. Not in many years have the conditions been similar to those of the present time, and the farmer or dealer who has corn and oats to seil can practically dietate the price. Corn was sold on the wagon market yesterday at 70 cents a bushel, just double the price of one year ago to-day. and oats are proportionately higher. The future of the market is one of more than ordinary interest and opinions of grain dealers are at variance as to the outcome. A considerable portion of the dealers are of the opinion that there is no occasion for wildness in the gran markets. Track bids vesterday, as reported by the secretary of the Board of Trude, ruled as follows: Wheat-No. 2 red, 69c track; No. 2 red, 685c on

very dull and was not changed much until just before the close, when selling to even up by holders broke prices sharply. IMPORTANT DECISION IN THE CIR-CUIT COURT AT CHICAGO.

Cereal Prices Generally a Little Higher, Due to Various Causes-Provisions Also a Little Up.

CHICAGO, Aug. 9 .- A decision was rendered by Judge Tuley in the Circuit Court here to-day which is of interest to grain dealers and elevator men all over the country. The decision practically declares the statute governing the coloring of grain unconstitutional, and says that a man has a \$1.7592 per bu. Green corn, \$1.7592 per bri. right to do anything with his own property so long as he does not menace the welfare | 1 hard, 71%c; No. 1 northern, 69%c; No. 2 north of the community or impair the public ern, 68%c health. The opinion was delivered in the case of D. H. Stuhr, Frank Noth and one Brussel, who are charged with coloring barley for the purpose of making it appear of a better grade. The presecution showed that the defendants fumigated barley in their elevator at Chicago, and that us a copts, 3,540 packages. Market dull and weak;

In the absence of changes in the crop sit- Western uncandled, Sussac. uation, the grain markets were rather narrow to-day, closing steady, wheat a shade up, corn unchanged and oats % 2 c higher near-by, 17c; fresh Western, 17c; fresh Southfor September delivery. Provisions closed unchanged to 7½c over yesterday.

Wheat traders were inclined to limit their trades because of the government report changed; fancy imitation, 17678c; fancy creem expected to-morrow. There was but little | 12014c. Eggs firm; fresh, 15c, Cheese frai and outside interest in the market, while news | unchanged; large, 10%c; medium, 10%cc; small tween the bulls and bears. A narrow rauge of prices was the result of this situ- | to-day, the butter market was firm; creamers ation. The market opened easy in sympa- 141362013c; dairies, 13617c. Cheese quiet at 94 (1) thy with Liverpool, September 4c lower to 16%c. Eggs firm; fresh, 146/14%c. smokeless coal, \$5 per ton; soft nut coal, 25c ton unchanged at 70%c to 70%c. Fear that the LOUISVILLE, Aug. 9.—Packing butter, 10%c Northwestern crop would be injured by per ib; common country, 10%c; good, 12%c; Eigin, beavy rains, together with heavy seaboard. 25c in 60-lb tubs, 22%c in 30-lb tubs; Eigin lb heavy rains, together with heavy seaboard clearances, caused an early rally to 71%c. There were plenty of flattering prospects held out in letters and messages from farmers and agents in the country, however, and September soon worked back to 70%c. Later a rally to 70% 270%c occurred, 162211/2c; dairy, 15216/2c. Eggs steady; near-by, helped by the fact that Il loads were reported taken for export. The feeling was steady at the close, September being a at 111gc. Butter firm. Cheese steady. shade over yesterday at 70% 670% c. Seaboard clearances in wheat and flour were equal to 1,455,000 bu. Primary receipts were 412,000 bu, compared with 1,113,000 bu last year. The Northwest reported 192 cars, against 152 last week and 235 a year ago. Local receipts were 187 cars, 33 of contract grade. Argentine shipments last week aggregated 328,000 bu, compared with 784,000 bu the corresponding week of 1900.

While corn was at times moderately active, it was a local market, with the general speculative atmosphere dull. As in wheat, this was due largely to a desire to await the verdict of the Agricultural Department's crop bulletin expected to-morow. There was very little counter buying, while local people were disinclined to sel Snow's forecast of the government report, stating that it would probably show a conlition of 65, or perhaps 60, which would be the lowest condition ever reported, was a potent influence in sustaining prices, although the usual crop damage stories were received from the corn belt. Receipts were 92 cars. September sold between 571/2c and weak; springers, 12014c; fowls, 10014c; turkeys, 581/40581/4c, and closed unchanged at 571/4c. Oats were dull, but independently firm, on buying by elevator interests and traders ordinarily busy with hog products. The vol-ume of trade was light, however, and speculation offered no feature of interest. September sold between 35 and 35%c, and closed 4@%c higher at 35%c. Receipts were 271

Provisions were dull. The market, however, ruled steady on purchases of lard by a local packer. A slight recession of prices followed the completion of this buying, but the close was steady. September pork closed 71/2c higher at \$13.85, lard a shade up at \$8.621/68.65, and ribs unchanged at Estimated receipts to-morrow: Wheat, 210 cars; corn, 130 cars; oats, 110 cars; hogs,

BOSTON, Aug. 9.-The Commercial Bulletin will say in to-morrow's report on the wool trade than last week, but still strong, with free selling, dealers are not expected to catch up with their deliveries for months. Montana, California and the growing districts are stripped of wool which is being rapidly concentrated, is Box ton. The stock in Boston is now larger than in January, though shipments to date are over in per cent. larger than last year. There have been large sales of Texas wool this week, 19c being paid for best northern. The same price, 19 cents, has been paid for choichet California spring. Both these prices mark an dvance as does a refusal of 36 cents for & line of Australian Geelong combings grading, 700 The receipts of wool in Boston since Jan. I have been 153,467,242 pounds, against 116,215,265 pounds for the same period in 1900. The Boston shippents to date are 151,631,485 pounds, against sales of 89,259,000 pounds for same period in 1900. The stock on hand in Boston, Jan. 1, 1901, was 76,-209,500 pounds, the total stock to-day is 78,245,257

509,500 pounds, the total stock to-day is ST. LOUIS. Aug. 9.-Wool unchanged; prediun grades, 11917c; light fine, 11914c; heavy fine, 20 He; tub washed, 12@24c.

Our Need of Beautiful Buildings.

We may learn in time that a city cannot

afford ugly architecture any more than it can afford unsapitary conditions or inade. quate transit facilities. It is not wise to necrestimate the influence of material sur roundings on our lives. Who has not fell the depressing effect of a mean and sordid environment, or the thrill of delight exseriesced on entering a noble building of standing amil the artistic splendors of a 1831? Architectural beauty is one of the upon as a wound tavestment of the hub funds. The experience of the Chlongo and Omaha expositions proves that the say thing is true in this country, It telente to say that nine-tenths of their visitors form plation of the magnificent architecture the clear beliles, 25 to 20 lbs average, 10%c. 18 changed.
